NEW GOODS! NEW GOODS!!

AT

Creech's.

I HAVE MY BOW AGAIN TO MY NUMEROUS friends and patrons, with a house full of goods and still they come.

Way, just look, the streets filled with drays all loaded with new Good's

FOR CREECH'S.

Just received, 40 CASES OF DRY GOODS containing a large and varied assortment; and when you talk about Dress Goods, and when you think of new styles and speak of Goods at the right prices, why, bear in mind that they are here and now opened at Creech's. COME AND LOOK AT THEM.

CALICOES, CALICOES.

I will sell you Calicoes at 8 cen s per yard; want you look at them at 10 cents? and cant you afford to buy them at 8?

Goods for Men's and Boy's Wear.

Don't you know that I keep the best assortment in the City? You that do not know it, come and look at them and try us. MAUDE knows, come right along and buy what you want. I have got some for the boy's, plenty for the youth's. A fine supply for the young men and enough to keep the old gentlemen warm, so why not spend a few moments at Creech's and satisfy yourselves?

There the remote Bermudas ride
In the Ocean's bosom unespied;
From a small boat that rowed along
The listning winds received the song.
COME TO CREECH'S.

Cloaks and Shawls, Cloaks and Shawls.

Did I say Cloaks and Shawls? That is just what I mean. Now I will sell them to you for $2.00! Do you want them cheaper? same quality, Cant find them? Do you want them finer? I am just the man that has them. 5, 7, 8, 10, 12, 15, 20 $, and to define; do you want them finer? well I just say so, and I am the man to order them.

Boots and Shoes, Boots and Shoes.

Just received 100 Cases for Ladies, Misses, Boys and Children; so just put that naked foot into a boot or shoe, for it will soon be cold weather, and my friend, I see your boots are wearing out, and your shoes have a hole in them, so you had just as well come to Creech's and buy a new pair. They look better and fit better, any way; they keep your feet dry and preserve your health.

Hats, Hats, Hats.

All right; Prices right; styles right; and did you know that Creech's is the place to buy hats right? Come and look.

Ladies' and Misses' trimmed and untrimmed Bonnets; Would you not do well to spare a few moments and come and look at them?

I beg leave to return my sincere thanks for the patronage I have received for the last 20 years at your hands, and I hope, by strict attention to business, representing goods as they are and in every instance giving you the worth of your money, to continue to share a liberal portion of your patronage.

A. CREECH.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR
JAMES H. MOORE, Assistant and Local Editor.

WEDNESDAY, OCTOBER 26, 1870.

CONSERVATIVE CANDIDATE.
For House of Representatives
DR. J. D. DUNN,
SPECIAL ELECTION 10TH NOVEMBER, NEXT.

CITIZEN RENFROW.

The distinguished patriotish, law-giver and mail agent, of Wake county, has at last discovered that he lives in Wake and not in Halifax.

He is out in a card to the people of Halifax informing them that he cannot represent them, because he is mail agent, and as that pays better than his membership, he must hold to that and desert his constituents.

How does it happen that citizen Renfrow could serve in the last Legislature? He was mail agent then as well as now. We think the citizen gives a false reason for resigning his seat. He has not lived in Halifax for more than a year. His seat would have been contested by his Republican competitor on that ground, and hence the citizen has vacated. The Governor should write him a letter of thanks and condolence as he did Douglas upon his retiring.

Citizen Renfrow was of great service to the Governor in getting his Sheffner bill through the Legislature, and deserves his thanks as well as citizen Dargan.

CITIZEN FISHER.

This carpet bag detective should take warning and follow the example of citizen Renfrow. He is a member elect from Bladen. It is well known that he is a citizen of Raleigh, at all events, the good people of Bladen know that he has not resided in that county for "one year immediately preceding his election," as the Constitution demands he should do.

We are told that the domicil of a carpet bagger is determined by the position and locality of his carpet bag. It may be that Fisher has two carpet bags, and one has remained steadily and uniformly in Bladen. But read the Constitution not the carpet bag. The carpet bagger must have resided in Bladen one year immediately preceding his, (not its) election. The detective we say is under disabilities. If he does not remove them as Renfrow did, they will be removed for him.

OUR CIRCULATION.

Some of our cotemporaries of the State keep standing something of this kind: "Our circulation is larger than any other paper in the State." Our private opinion is that no paper in the State has half the circulation it deserves, and no fact can make the charge against our people, that they are not a reading people, more palpable, than the small patronage they bestow on the newspapers of the State.

No class of men work harder and do more gratuitous labor for the public, than the editors and printers of the State, and none are more poorly paid. This ought not to be. Nothing promotes the enterprise of a people more, or exhibits their real stores in energy and prosperity so much as the patronage bestowed upon the newspaper. We asked our clerk this morning, what is the present issue of the Sentinel? He reports as follows:

Daily Sentinel,	1,000
Semi Weekly,	1300
Weekly,	850
	2900

How this compares with our cotemporaries in the State, we know not. It is a bona fide exhibit, and shows the excellent character of the Sentinel, as an advertising medium in the State. Our circulation should be twice as large, at least, and we hope to make it so in a short time.

GOODS AT WHOLESALE.

The Mt. Airy *News* very properly asks the question, why it is that the merchants of this State, always buy their good in New York, Baltimore, Philadelphia, and never at Wilmington or at any place in the State? There are various reasons for it, but many of them are not as solid as they might be. Some of our country merchants are not aware, because our merchants do not take the pains to inform them, that they can buy as complete stocks of goods in Raleigh, Wilmington, Fayetteville or Newbern, as they can outside of the State.

Merchants who buy from $10,000 to $30,000 worth at a time, perhaps, would find it to their advantage at present to go North. For the reason that our merchants have not turned their attention as fully to the wholesale trade as they might. But it strikes us that the most of our country merchants who buy two, three, four or five thousand dollars worth of goods at a time, would do better to buy of wholesale dealers in our own towns, than to go North as a general rule.

We are assured that Raleigh at this time, is fully prepared to sell goods to country dealers on excellent terms, and that at any style or class of goods can be bought here which may be desired.

GOLDSBORO, Oct. 4, 1870.

Mr. Editor:—Major Smith was heard to say, that he should move to South Carolina this fall and be Governor of that State.

We hope he will put a freight train on his end of his Road before he leaves, and at the same time quicken the speed of his passenger cars and not allow them to tarry so long at each station.

Yours, Y.

This is a free country. Let citizen Billy blow his horn in two States if he wishes. If he is determined to leave he should take letters from Tourgee, Ashley or Fisher and go among their old friends. It may be they would make him Governor for the honors he had conferred upon these worthy immigrants.

Market opened excited at 15 to 15¼ cts. and closed quiet at 15¼ cents.

We are authorized to announce Mr. William E. Pell, Jr., of this city as a candidate for Reading or Assistant Clerk of the State Senate. Mr. P. has been the Reporter of the SENTINEL in the Senate for several years.

Sixty-three bonnets and hats sold at Hester's Parisian Millinery store, yesterday, is an indication of the growing popularity of this elegant establishment, nearly every train brings something new and of the latest style.

BONNETS AND HATS.—If our lady readers want to see a pretty selection of hats and bonnets, of the fashion and suited to the season, let them drop in at Mrs. Beasley's, next door to Pescud, Lee & Co.'s Drug Store, on Fayetteville street. She has all the novelties and her prices are reasonable.

CORRECTION.—The types made us say yesterday, that L. W. & C. W. Bynum of Chatham, got $30 for best lot of wheat, and Mrs. W. F. Sanford Forsyth, $30 for best linseed oil, whereas it should have been $3 in each instance.

OMISSION.—We omited in our premium list the award of $3 to Thomas H. Haughton, Esq., of Chatham, for a barrel of sorghum syrup exhibited by him; the only entry of the kind, we believe, at the Fair.

PEACH BUTTER.—We are the recipient of a keg of "Peach Butter," from Messrs. Sellers, Bodder & Co., of Philadelphia, of which firm our old friend, J. B. Hunter, formerly of Portsmouth, Va., is a member. This is one of a new "line of fruit butter" sent by the above firm to be first exhibited at our State Fair, but which arrived too late for entry, and then to be turned over for our especial judgment. The Messrs. Sellers, Bodder & Co., are extensively engaged in the family grocery trade, and will furnish to order all the delicacies and substantials, foreign or domestic.

THE BARBERS.—We are requested by Scott Brown, Patterson, & Dunston and Valentine & Reid, Barbers of the city, to state that they did not raise their price for shaving during the Fair. We made the statement yesterday on information received, as much for the sake of getting at the truth of the affair as anything else. It is very certain that there was an imposition practiced on visitors to the Fair Grounds, on Thursday, by the hackmen, when the fare was raised from 25 to 50 cents, because of the rain that day. We hope it may turn out that this was the only instance of imposition practiced during the week, but, we doubt.

NOMINATED.—L. J. Moore of Newbern was nominated by the Radicals as candidate for the Senate, on Saturday, to fill the place of Col. Clarke, late of the State melish, now Judge of the Superior Court.

Dr. Sam. L. Love of Haywood was married on the 11th inst., to Mrs. R. E. Daniels, of the same county. That's right, Doctor, glad to hear that you have repented of your sins—of omission, and entered upon the active duties of life.

OUGHT TO BE MENDED.—We call attention of "those whom it may concern," to the condition of some of the most public sidewalks in the city, off of Fayetteville street. For instance, whenever it rains, there are several standing pools reaching entirely across the sidewalk on the north side of Hillsboro street, between Capitol Square and Dr. Johnston's office. The sidewalk running along the east side of the Iredell lot is also in very bad condition, and needs repairs. Some lot owners have been required to repair their side walks; we think all ought to be fed out of the same spoon.

Spread the Truth.

Some medical men insist that it is undignified to advertise a remedy, however valuable it may be. Queer reasoning this. It is like saying that an article which the world needs should be hid in a corner—that benefits and blessings may be too widely diffused—that the means of protecting and restoring health should be a close monopoly, and not accessible to all. The argument is bad. It is worse than that; it is inhuman. Suppose Hostetter's Stomach Bitters—an absolute specific for dyspepsia, biliousness and nervous debility—had never been known beyond the repertoire of the faculty, what would have been the consequence? Instead of curing and invigorating millions, the good effects of the preparation would have been confined to a comparative few. There is the highest authority for saying that light should not be hid under a bushel; that whatever is excellent should be placed as a city on a hill, where all men can take cognizance of it. It is upon this principle that the Bitters have been advertised and continued to be advertised in every newspaper of any prominence in the western hemisphere, and that the spontaneous testimonials in its favor have been translated into all written languages. Thousands enjoy perfect health to-day who would be languishing on beds of sickness if the newspapers had not *spread the truth with regard to this unequalled invigorant* and corrective far and wide. suppose profit has been reaped from this publicity. Is that any argument against it? If the public health has been protected; if lives have been saved; if the feeble have been strengthened and the sick restored, *great good has been* accomplished; and who so mean as to grudge to exertions thus directed their fair reward?

MARTIN & PINCH, Gen'l Ag'ts.,
sept 28-3m Raleigh, N. C.

OUT FOR CONGRESS.—We learn from rumor that "my son Joseph," has issued a circular announcing himself as candidate for Congress, to fill the vacancy in this district, subject to the decision of the district convention.

Now, this looks a little like taking advantage of the "Hon." James Harris, who has been sent on to Massachusetts to assist in the canvass there. The *Standard* says the Rads can elect their man this heat, and if so, is it not due to James to give him the chance? Perhaps Joe has been reconverted and got back with Mr. Phillips, who says this must be a white man's government, all the offices of which, from constable to President, must be filled by white men.

ATMOSPHERIC PHENOMENON.—For two or three nights past a portion of the heavens has presented a very unusual appearance. From the horizon a little south of east, reaching across the heavens to a point on the horizon, a little north of west, extends a belt some one and a half degrees in width, but of irregular edges, of a red appearance, at times almost approaching to a deep scarlet. On Monday night it had faded away by 11 o'clock, to a small point in the west. We are not sufficiently versed in philosophy, astronomy or meteorology, to attempt a solution of the phenomenon; can any of our readers give us an explanation on the subject?

CHANGE OF TIME.—As will be seen by the Governor's proclamation in another column, the time for electing a member of the Legislature for this county, to fill the vacancy caused by the death of Mr. Hodge, has been changed from the 10th to the 26th of November, on which day an election will be held throughout the district for a representative in the 41st Congress to fill Bowen's unexpired term.

MORE STATE BOARDERS.—Deputy Sheriff J. B. Parker, of Hertford county, arrived in the city last night with six new inmates for the Penitentiary—five men and one woman—all colored. Two of the men are sentenced to ten years each for arson, one man four years and the other two men and the woman to two years each for larceny. They are filling up so fast over there that we fear the plans will have to be changed and the accommodations enlarged.

THE W., C. & R. RAILROAD.—It appears from what we see in the Wilmington papers, that the new Directory of the Wilmington, Charlotte and Rutherford Railroad have outflanked the Governor, Dr. Sloan, Rotarding Dick and the State Directors, and taken the management of their Road into their own hands. The newly elected President, Silas N. Martin, has issued his orders to the employees of the Road to continue in the discharge of their duties, subject to his orders, and the new Engineer and Superintendent, S. L. Fremont, Esq., has issued a circular, taking charge of the Road under President Martin, retaining in their positions the present officers, agents and employees. The *Journal* says, in regard to the Road, "everything is quiet and the trains are now running under the charge of the new Superintendent, Col. S. L. Fremont."

B. S. Guion, Esq., resigned his position as Engineer and Superintendent, on the 18th inst., and declined to accept the same position on being elected thereto by the Governor's Directors, last week.

What will the Governor do next? Last year he floored Cebe in every tussle—is Othello's occupation gone?

THE RADICAL CLAMOR ABOUT ECONOMY, in the face of its yearly, monthly and daily expenditures, reminds one of the penny wise and pound foolish practices of the olden times when King James the Second was most pretentious—and, for that matter, the most infamous—he began to talk most of reform and economy. Accordingly, when John Dryden was in the decline of life, who was then esteemed as the first poet of England, the little income of the poet laureate was cut off in the name of economical reform, and the annual butt of sack to Johnson's successors was also omitted in the new patent made necessary by the demise of the crown. Congress at its last session appropriated $22,000 for increased pay for needy Treasury clerks; but to win favor with the clerks of political influence in Washington and at home, the whole amount is given to the big fellows of the Department, and not one penny of the sum is paid to the three thousand or more needy men and women in the Treasury Department. The Grant administration, as the census of 1870 will soon show, though all the time clamoring about its economy, is spending more money upon the population per head, than any administration, in time of peace, even leaving out the interest on the war debt since the foundation of the Government. It is enabled to do this, and at the same time to reduce the public debt, by an extent and magnitude of taxation wholly unknown until the Republican party came into power. So far from being proud of these burdens, the dominant party ought to take shame to itself for their imposition.—*N. Y. Express*

HENRY LEE, F. L. S., writes to the editor of the *Lancet* in regard to the paralytic seizures from which Chang, one of the Siamese Twins, has recently suffered. He has received letters from the Twins and their families which induce him to believe in the possibility of their separation in case of the predecease of one of them. A letter from one of Chang's daughters says that her father is low spirited, can scarcely move without assistance, and that his whole right side is perfectly useless. "Uncle tries to cheer him up, but he has nothing to say." From the sentence mentioning Eng's endeavors to cheer and comfort his brother, Dr. Lee infers in each a distinct and separate volition and vitality, and hence that Chang could successfully be cut from the dead body of Eng should the latter die first.

THE FRANC TIREURS.—The word *franc*, in the French language, means *free*, and *tireur*, a *shooter*, and in France, by the payment of a trifling sum of money, any one may obtain license to keep a gun, and shoot freely, after all the necessary formulas are gone through. Hence he is a *franc tireur*, or free shooter. Many in this country suppose them to be sharpshooters, but the French word for sharpshooter is *tirailleur*, and it can be readily perceived that there is no similarity between that and *franc tireur*. They may be sharpshooters, it is true, but it is due to their constant practice during the shooting season in France, and to that same license which guarantees to them the free use of arms, and from which case many of them may knock out a Prussian's eye as neatly as Daniel Boone "barked" a squirrel.

1840 1870

THE PAIN KILLER.

This celebrated medicine has won a deservedly high reputation as an alternative opium and a preserver of health. It has become a household remedy, from the fact that it gives immediate and permanent relief. It is a purely vegetable preparation, made from the best and purest materials, safe to keep and to use in every family. It is recommended by physicians and persons of all classes, and to-day, after a public trial of thirty years—the average life of man—it stands unrivalled and unexcelled, spreading its usefulness over the wide world, its increasing and increasing sale affords positive evidence of its enduring fame. We do not deem it necessary to say much in its favor as one trial bottle will do more to convince you of its efficacy than all the advertisements in the world. Give it one fair trial and you would not be without it for ten times its cost.

Directions accompany each bottle.
Sold by all Druggists.
Price 25 cts., 50 cts., and $1 per bottle.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY
OF THE
UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000,000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $5,000,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies now deceased members, about $4,000,000.
6. Such payments are made in cash, and not partly in cancelled notes, as in the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as in the case in all Note Companies.
8. The sum of $3,500,000, and upwards, in cash, divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured. Equitably, instead of being wholly or partially distributed among the Stockholders, as in the case in all "Stock" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start, and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December, 1, 1869, was $31,021,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the "Gain Plan" adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not exercise proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000,000 greater than any other company.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" so well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 20 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.
